- Applicable Models: VP59

- Release Date: Sept 16th, 2019.

2. New Features

1. Supported CPN10 PSTN Box.

3. Optimization

None

4. Bug Fixes

1. Fixed an issue that in some cases, the WPP20 may cannot be paired with VP59 successfully.
2. Fixed an issue that the screen display may be shifted to the left by about 5 pixels.

5. New Features Descriptions

1. **Supported CPN10 PSTN Box.**

   Description: The PSTN box CPN10 is an optional accessory for the VP59. It not only realizes the free connection between the VP59 and the PSTN (Public Switched Telephone Network) network, and provides an efficient and convenient solution for small and medium-sized conference rooms who only have PSTN interfaces. After the phone is successfully connected to the PSTN, you can join the analog phone line as an

audio call to the audio-video mixed conference.
