

Microsoft Teams Rooms System for Focus and Small Rooms

Yealink MVC Series is the brand-new video conferencing system released by Yealink that revolutionizes the Microsoft Teams Rooms meeting experience. Perfectly integrated with Microsoft Teams Rooms and Yealink cutting-edge audio & video solutions, the Yealink MVC Series is deemed to cover all the usage scenarios and provide you with the excellent meeting experience in the conference room. Yealink MVC Series enhances the whole meeting experience with the familiar Microsoft Teams Rooms interface and a close-to-zero learning curve, allowing you just to simply walk into the conference room and start your meeting with one-touch join, or type a few names and launch an ad hoc call. The Yealink MVC300 includes an UVC30 Room ultra HD 4K camera with auto framing feature and a CP900 HD full duplex speakerphone covering up to 7 people. MVC300 is perfect suit for focus and small meeting room.

Key Features and Benefits

Easy to Start and Manage Meetings

Its familiar Microsoft Teams Rooms interface and functionality not only makes it easy for everyone but also saving your time to join the meeting faster. The Yealink Plug-in software lets you get rid of the remote control, with auto framing feature you don't have to do the PTZ control any more during the meeting.

Premium Audio and Video Meeting Experience

UVC30 Room is Yealink's new generation ultra HD camera that supports 4K/30FPS video calls to enhance your business discussion as much as possible. Featuring auto framing, UVC30 Room free users from doing the PTZ control, always provide a best picture during the meeting. For audio experience, we have crafted an elaborate speakerphone experience for you indeed, including the 360-degree voice pick-up ability and the best echo cancellation which always keeps you staying focused on your meeting. To let you feel free to sit at any end of the table or walk around your meeting room, CP900 packs itself with Yealink HD voice quality.

Flexible and Simple

This solution provides you with an individual touch console that separates from the mini-PC, not only making the deployment more flexible but also rewarding you a tidy and smart conference table.

Easily Managed through Yealink Device Management Platform

This solution supports Yealink Device Management Platform/Cloud Service, you can flawlessly manage, monitor, configure, update and diagnose all Yealink audio and video devices peripherals on this platform remotely.
