

## VP59 Huddle Room Solution

As a premium video phone suitable for huddle rooms, Yealink VP59 Teams Edition arms itself not only with an 8-inch adjustable multi-point touch screen, but also with the build-in Bluetooth/Wi-Fi as well as HDMI-Duplicated output. Distracting sounds are intelligently tuned out by Yealink Optima HD voice technology and Yealink Noise Proof technology to ensure the unparalleled voice clarity. To enhance your collaboration and productivity, a USB camera (Yealink UVC30 Room) and the wireless microphone (Yealink CPW90-BT-Single) may be your best choice for the immersive video experience that you can totally say goodbye to the poor audio and video, and every important details will be captured. Different capabilities of video conference can be realized flexibly by connecting VP59 to wireless microphone, USB camera or HDMI display. Powerful, flexible but affordable, VP59 huddle room solution is absolutely one of the shortcuts to better Teams video room collaboration.

## Benefits

### HD Audio and Video

Extend microphone pickup range by connecting wireless microphone (Yealink CPW90-BT-Single) to fully cover a huddle room or a small open work space and every voice in the space is heard clearly. Yealink Optima HD Voice technology teams up with Yealink Noise Proof technology to ensure the excellent audio quality and keep the noise outside the room from interrupting your conversation. Two-way 720P video and one-way 720P content sharing are easily to be realized and fulfilled by our Hardware Offloading technology. Just feel free to work and talk and no need to worry about any noise or fuzzy.

### Flexible Components

VP59 Teams Edition provides basic features for video conferencing, and on the basis of your exact need, it is also capable of working with wireless microphone, USB camera and HDMI display to accomplish better collaboration.

### Easy and Tidy Deployment

Only four steps to complete the deployment, connect the power and network, the HDMI display, the USB camera and the wireless microphone. Don't worry about the cables, all of them can be easily gathered and hidden behind the TV against the wall, keeping your table tidy and clean. Deployment is quick and simple in any room.
